Refurbished stock TC51, TC52, TC56, TC57 and all printers are refurbished in house.

Data plans Data-enabled devices (TC56, TC57, TC26) incur an additional cost for a data plan, if one is needed.

Special order Newer models, such as the TC52x, TC57x and TC52ax, are available on special order.

☐ Some options can be specified as healthcare variants (HC). If you require a HC or non-HC model specifically, please tick here and state which in the notes box.

Handheld Computers

ZEBRA TC5x · TC2x · OPTICON

Devices

Refurbished in house, imaged and configured to order. All devices ship with Google Mobile Services (GMS).
